Brussels, 30 April 2025

Letter of Recognition

Dear Professor Hayriye Eşbah Tunçay

Dear Delegate Sukran Sahin

Dear President Bariş Işık

IFLA Europe School Recognition Panel has assessed the application of the Istanbul Technical University.

As a result of the assessment process, we find that the educational program:

***Istanbul Technical University, Faculty of Architecture, Department of Landscape Architecture,
Landscape Architecture Program, 240 ECTS, Bachelor's degree, 4 years***

is fulfilling IFLA Europe criteria¹ for professional educational programs in landscape architecture and has been recognized by IFLA Europe for five years (2025-2030).

The SRP report accompanies this letter and contains recommendations that should be enacted as part of any review of course structure and/or curriculum review.

Yours sincerely,

Katerina Gkoltsiou

IFLA Europe President

Madara Markova

IFLA Europe Interim Vice President for Education

¹ The criteria are defined in *IFLA Charter for Landscape Architectural Education and IFLA Guidance Document for Recognition or Accreditation with IFLA Europe addenda*.
